

## Model A-375-S5 "Hot Hearth" Cremation Equipment

The A-375-S5 is our Super Duty Cremator. It features a giant primary chamber and a uniquely designed multi-faceted secondary chamber. The A-375 has a chamber capacity of 1200 lbs. The average cremation time is approximately 70 minutes or less and can perform back to back cremations with no cool down between cremations. This is our most advanced, fully automated model manufactured.

### Control Systems Available:

-  ACS-1 PLC & Touchscreen
-  American Instant Access
-  ARIES Operating System
-  Guardian D.A.S.
-  Unified Operating System

### ATTENTION

**MOST UNITS NEED AN AVERAGE BETWEEN 9FT - 12FT HEIGHT OF SPACE CLEARANCE FOR UNIT INSTALLATION.**

\*For lower clearances units will have to be stripped and re-assembled in the field at an additional expense.
